## Birthday Celebrations

in the

# Classroom!

Give the Gift  
of Learning!  
Host a special  
Museum  
Program  
in your child's  
classroom.

# Looking for a new and different way to celebrate your child's birthday? Celebrate by hosting a Museum Program in your child's classroom!

- Know that your celebration is also supporting your child's education.
- Choose from several exciting programs specially designed for the classroom.
- Teachers truly appreciate an added opportunity to enrich their curriculum in a fun and engaging format.
- No need to send out invitations and wait for RSVP's!
- The birthday child receives a Museum T-shirt and will be the featured program assistant for the day. Classmates receive a free pass for a family Museum admission.

We have 13 unique and exciting programs that are offered in the classroom! Choose one of our popular favorites:

## INTRODUCTION TO ANIMALS (Pre-K & K)

Meet some amazing live animals! Learn how they move, and what they eat, where they live and how they survive.

## TOOLS, TOYS & TALES OF EARLY NATIVE AMERICANS (Pre-K through grade 2)

Travel back in time as we explore what life was like for Native American children right here in the Hudson Valley 400 years ago. We will play games of skill and learn the lessons these games would teach the Lenape children.

## PALEONTOLOGY (Grades 2 through 4)

Fossils are fascinating! How are fossil made and what can we learn from them? Examine real fossils of marine life and dinosaurs, then meet some live animals that are descendants of those extinct giants.

## REPTILES (GRADE 2 THROUGH 5)

Meet some really cool live reptiles, including snakes, turtles and a lizard. Learn about the unique adaptations that have helped these species survive for millions of years.

## INSECTS AND THEIR ALLIES (Grades 3 through 5)

Millipedes, cockroaches and spiders, oh my! Observe these awesome critters up close and learn about the fascinating world of invertebrates.

... or visit our Teacher's Bulletin page on our website, [www.hhnaturemuseum.org](http://www.hhnaturemuseum.org), for a complete list of offerings. Just look for the "C" for in-your-classroom.

A Museum Birthday Celebration Program is \$160 (\$185 for non-members) and includes:

- A 40 minute program with a Museum Educator
- Many programs feature live animals
- Museum T-shirt for the birthday child
- Classmates receive a one-day free admission family pass for a visit to our Wildlife Education Center or Outdoor Discovery Center

## To book your celebration program, follow these simple steps:

- Step 1: Talk to your child's teacher to decide on best dates and times, and to choose a program.
- Step 2: Call Linda at 534-5506 x204 to reserve your program.
- Step 3: Complete the reservation form. Be sure to find out the number of students in the class and secure an authorizing signature from the school (usually the classroom teacher or principal).
- Step 4: Return the reservation form to the Museum with payment information
